CONVENIENCE
into your family's
immunization records.

Getting started is as easy as 1-2-3. All you need to do is:

- 1. Register.** Complete an AZ MyIR enrollment form online or at your healthcare provider's office.
- 2. Request.** Ask your healthcare provider to approve your request and set up your account while you're at their office.
- 3. Review.** Log in as soon as possible and activate your account. You'll have immediate access to your family's immunization records to view, download or print as often as you need.

Now you can manage your family's immunization records online. When you sign up for AZ MyIR, you can use any trusted computer to view your up-to-date immunization records.

You can also download or print an official copy. **Why use AZ MyIR?**

It's easy.

Gaining access to your immunization records is simple. Just complete an AZ MyIR enrollment form online or at your healthcare provider's office. Your healthcare provider then approves your request and sets up your account while you're at their office. If you have not already set up your password, your provider will give you a temporary password/PIN. Log in as soon as possible to activate your account. You'll have immediate access to your family's immunization records. Best of all, you only need one login ID and password to access immunization records for your entire family.

It's convenient.

You may not need your immunization records often, but when you do, AZ MyIR enables you to effortlessly download and print official copies as you need them, without an extra trip to your healthcare provider's office. Whether you're registering kids for kindergarten or summer camps, moving them into a new school district, seeing a healthcare provider for the first time, applying for state support such as WIC, or just wanting more control over your family's health records, AZ MyIR has you covered.

It's secure.

Accessing your immunization records through AZ MyIR is just as private and secure as banking or paying bills online. What makes AZ MyIR so secure? First, you create your own password. This means that only you and those you choose to share it with can access your family's immunization records. Second, no other personal information is available through the tool besides your immunization records. Your information is protected.
